Loudoun County School Board
Leesburg, Va.

To: Members of the Supplementary Reading Library
Committee
From: Mrs. Ruth D. Schulke, Elementary Supervisor
Mr. Fred E. Drummond, Jr., Chairman
Subject: Progress in planning for this library

This committee met Thursday, May 24 at 7 P.M.
at the Marshall Street Center. The meeting was called
to order and presided over by Mr. Drummond, the chairman.

It was decided first, after discussion, that the
library would be placed at Carver School since there
was adequate storage space on the shelves in the office
and since that location was convenient. Mr. Drummond,
Mr. Ewing, and Mrs. Schulke will help to distribute the
books when needed by various schools.

The funds available for this project so far are
between \$400.00 and \$500.00. The five library units
given by the schools are as follows:

Carver -----	1 unit	
Douglass Elementary	- 1 "	
Banneker -----	1 "	
One room schools --	1 "	\$300.00
Two room schools --	1 "	

I have on deposit from the Middleburg Community Center
Educational Project \$100.00. I hope that members of
the committee will thank The Center through Dr. Indorf
for this gift. Mrs. Theodate W. Souder is planning to
make a contribution also, but has not yet stated the amount.
These funds will be divided evenly among the seven grades.
Committee members are to select two books on the grade
level assigned as follows: Miss Rosa L. Carter, first,
Miss Edna L. Brinkley, second, Mrs. Geraldine J. Johnson,
third, Mrs. Lola H. Jackson, fourth, Mrs. Flossie S. Furr,
fifth, Mr. John R. Pendleton, sixth, and Mr. Fred E.
Drummond, Jr., seventh. In the primary grades the two
series should be on an easy level and an advanced level.

After the teachers in the eight schools have been
contacted, the selections are to be made and turned in to
Mrs. Schulke who will work out the details of the order
and report it to Miss Ruth L. Americk, Clerk.

Mr. Robert T. Kaylor
Boyce, Virginia

Dear Mr. Kaylor:

Last year's principal at Sterling did not make the library order for one unit. If you want to do this during the summer you may stop by some time and get the packet from which to make the order. You may wait to do this after school starts so that your teachers can order with you. If you decide to wait please have your order accompanied by schools donation of \$5.00 in my hands not later than October 1, 1956. You may let me know some time what you plan to do.

Very sincerely yours,

Clerk School Board

June 29, 1956

Mrs. Hortance J. Cook
Middleburg, Virginia

Dear Mrs. Cook:

I have just discovered that your check for library units is for 2 units. Since your school is ordering just one unit and the other unit goes into the central library you would only owe \$5.00. I am returning your check and ask that you make it for just five dollars. Please make the check payable to S. Reed Galleher, Treasurer and mail to me.

Very sincerely yours,

Clerk School Board

June 29, 1956.

Miss Ethel R. Stewart
Upperville, Virginia

Dear Miss Stewart:

Since the one-half unit for library allotted to your school is being pooled with an order for a central library you do not owe the school's donation. This is being paid by the Middleburg Community Center.

Very sincerely yours,

Clerk School Board

LIBRARY GUIDE READY
FOR DISTRIBUTION.

The new SCHOOL LIBRARY GUIDE which has been in preparation for over a year is now being distributed to the school divisions. Distribution is being made to the office of the Division Superintendents. It is hoped that this long awaited bulletin will prove helpful to librarians and other school personnel. After this publication has been examined and used, comments regarding its usefulness will be appreciated.

REVISION OF 1949 BOOK
LIST UNDER CONSIDERATION.

There have been a number of requests for a new edition of the bibliography published in 1949 entitled List of Books Suggested for First Purchase for Virginia Elementary Schools. Since this list includes only "starred" or books suggested for first purchase, many schools have gone beyond this selection in the purchase of books. It would be helpful to know how the librarians feel about the possibility

"Librarians can, and I know they do, anticipate the need for special care and sensitivity in providing books that will feed the hungers of young people -- books full of stimulating ideas, to challenge the mind and strengthen the powers of thought; books full of fun, to stir up the risibilities and bring the hearty laughter that clears the brain and steadies the sense of proportion. Perhaps more than anything else young people need books full of beauty and sweetness and vision -- beauty most of all, for that is the food of the spirit. One may feel a little hesitant sometimes about offering pure beauty to people who can be as poker-faced and non-committal as wooden Indians. But so long as a book is readable, as GREEN MANSIONS and THE IDYLLS OF THE KING are readable, it's worth taking a chance." - Longer Flight: A Family Grows Up With Books by Annis Duff, Viking 1955.

for revising this bibliography. Does such a publication continue to be useful to the schools organizing new collections? Do you prefer the same type of publication or do you suggest a different type?

1956 LIBRARY ORDER
LISTS HAVE BEEN REVISED.

The publishers' library order lists for Virginia Public Schools have undergone the annual revision and the 1956 packages of catalogs will be shipped to the office of Division Superintendents during the early part of April. The 1956 lists include 715 new elementary titles and 627 new high school titles. Also, a large number of new adult and professional books have been added. 75 publishers have printed lists for 1956 and 90 are represented on the mimeographed supplement. The 1956 packet includes printed lists for Gregg, Birchard, and Encyclopedia Britannica Films which are new additions this year.

ANNOUNCEMENTS OF IMPORTANCE.

1. Names of applicants for the C.W. Dickinson, Jr. Scholarship should be sent to Miss Gladys Miller, Mt. Vernon Elementary School, Alexandria, by April 1.
2. Dues of \$1.00 for membership in the School Librarians Section of V.E.A. may be sent to Miss Ethel

ANNOUNCEMENTS (Continued)

"TRICKS OF THE TRADE" - No. 2 *

(The following are ideas taken from the Annual Library Reports submitted by Virginia School Librarians, June 1955)

I. Project in Reading Guidance

Using as a basis the Iowa Reading Tests scores and interviews with pupils and teachers, a file of all pupils' reading levels and abilities was organized. A companion file of reading interests and vocabulary levels was made of 200 books. By working with classroom teachers, the pupils and books were "brought together." Children were guided in the reading of books with words they could read and understand and subject matter that appealed to their interest.

II. Plan to Decrease Number of Overdue Books

In order to decrease the number of overdue library books, each home room selects a responsible pupil to serve as room librarian. The librarian keeps this room representative informed each day of those in his room who have books checked out and when they will be due. Each morning during home room period he reminds the pupils who have books that are to be returned to the library on that day. This plan has resulted in drastic reduction of overdues.

III. Monthly Library Bulletin

A monthly bulletin or newsletter prepared by the librarian for faculty and pupils has resulted in increased use of the library as well as closer relationship on the part of the faculty with library activities. The newsletter is a single page, mimeographed sheet, with an eye-catching title and simple illustration in the upper right hand corner. It carries such news items as (1) Announcement of new books, (2) Assembly programs, (3) Community activities associated with library service, (4) References to special magazine articles, (5) Calendar of events that the library sponsors, etc.

* "Tricks of the Trade"(No. 1) Issued in 1954.

IV. Time-Saver in Processing Books

From experience, it has been found that it isn't necessary to wait for the arrival of a book order to start the procedure of processing. Between the time when the books are ordered and received, the following processing may be done: (1) Assign a classification number on the order card or work slip. (You may be doubtful about certain ones that you do not find in the Wilson Catalogs - hold these slips until books arrive), (2) Type book pockets and cards, (3) Assign subject headings on work slips. It is better to wait until book actually arrives before accessioning, because sometimes substitute titles have to be ordered. By getting these steps completed before the book order is received, makes it possible for the new books to be ready for the pupils in much less time.

V. Conference With Pupils

A ten to fifteen minute scheduled conference with each pupil every two months results in many worthwhile outcomes. The pupil and the librarian discuss a book or books which the pupil has read recently. The pupil's reaction to characters, style, illustrations, plot, etc. are encouraged by a friendly conversation of questions and answers. The librarian makes suggestions for further reading. By working with the classroom teachers these discussions may count as a book report for the pupil.

VI. Miscellaneous

1. Use of plastic book jackets results in increased circulation and preserves the new appearance of the book.

2. A librarian reports that she enjoys her three-quarter hour period in her library in the morning before school officially opens. "The students enjoy this free period when we all get to know each other better."
