September 11, 1934	Lovettsville		Bus route; expenses	Petition to alter school bus route from Lovettsville to Taylorstown.

Text

Sept 11th 1934

County School Board of Loudoun Co.,

Gentlemen,

We The Patrons of Lovettsville School, petition your Board, That The buss (sic) route which you recently established from Lovettsville to Taylorstown section, be so arranged to come as far as The crossroads, at the end of The hard surface road, running from Lovettsville to Wheatland.

1st;

As tax payers of The County, we believe This can be done, "or should be done" with very little additional cost, "if any" judging from The salary paid other men for simular (sic) work.

2nd;

under The present set up we feel we are forced to bear more than our share of the expenses, "1st", by helping to pay to operate a Buss (sic) we get no service from, 2nd, by paying The transportation of our own children to school, This we beg of The County School Board, to give our children, The same right, same priviledge (sic), and The same opportunity, granted some many other children in The County

Signed by patrons of School,
