Unk	Lovettsville		Wagon	Former patrons of Bolington request wagon for transporting children to Lovettsville, after turning down earlier offer.

Text

The former patrons of the Bolington School realize the advantage of a graded school for the scholars and regret that we did not take advantage of the opportunity of having a wagon to haul the children as offered by the school board and have it put into effect and carried out.

Seeing the mistake as time has gone by we do insist that a wagon be started to haul the children that they may attend the graded school at Lovettsville.

We have the number of children to attend as our signatures indicate.
