Dear Sir--

As the time is at hand for the appointing of teachers to the different school (sic) of the county, I am writing you to know if it could be possible to have a change made in Aldie. As far as I can see Mr. Tyler's mind & interests are every where else but in the school. He has recently purchased a farm and gone into the poultry business on a very large scale, which keeps him from attending to his duties at school a good part of the time.

What we need in Aldie is a man that is going to be on the job, and attend to his business, and have more discipline in the school as there is quite a bunch of unruly youngsters there to be looked after.

I hope it will be within your power to make a change for us if possible.
