

COUNTY SCHOOL BOARD
OF LOUDOUN COUNTY
Leesburg, Virginia

April 12, 1955

To School Board Members:

Please think about the following before the special meeting on the 18th.

1. Save \$40,000 from our budget by discarding the proposal to raise all teachers' salaries \$300 and substitute therefor the following:

A. Apply a salary increase of \$60 per year to all brackets of our two schedules and additionally meet the minimum State requirement in certain cases.

B. Raise the salaries of all teachers holding the revived elementary certificate and whose salaries are much below the schedule \$200 to meet a minimum State requirement.

This should save \$39,700 on the basis of present teachers.

2. Deduct \$2,000 or \$3,000 from the proposed expenditures for permanent improvements.

3. Continue the same number of teachers at Hamilton, Lovettsville, and Purcellville.

Add a teacher at each of the following schools:

Douglass High School

Loudoun County High School

Round Hill School

Conklin (only if necessary to reopen)

This would permit the addition of 2 teachers after schools open.

4. Dispose of the pending question as to whether the 7th grade from Bluemont will continue at Round Hill and also whether grades 5 and 6 will be transferred from Bluemont to Round Hill.

See attached salary schedules on which I have indicated in red the new schedule which is proposed.

C. L. Emerick
