Sterling, Va. Route 1.
Sept. 19. 1939

Mr. A. S. Emerick,
Supt. of Schools, Loudon Co.
Dear Sir,

We are residents of that section, east of Pleasant Valley, known as the "Blue Spring road, which, incidently, has just been graveled.

There are within a two mile radius, nearly twenty children, of school age.

Several of these children are small, and, at present, have to walk to the pike and then wait for the school-bus.

When the winter sets in, this will be practically impossible. They cannot stand out of doors, in all kinds of weather, after walking this distance.

We, as the parents of these children, would like the bus to come out this road, for them.

We hope you will give this plan, your consideration and approval. (over)

yours Very Truly,
(Mrs) Ida V. Albrecht.
