Dear Sir

Last year I came to you asking a change in Principals for aldis school as I did not believe Mr Zyler the man for the place.

This year I come requesting his reappointment should he apply. I am making this request because I believe he has made good. I see a great improvement in every way. My opinion is that his experience has helped him to become a bigger + better man I try to be perfectly fair last year I thought he deserved

My Criticism this years I think he merits my approval I do not think any one could Conciencioulty oppose him this time as I believe he has done his duty,

I think Miss Shoemaker + Elliot are both splendid teachers + stalwart Characters which is so essential for Teachers.

Mrs Hutchison is a good woman with no backbone

Very truly yrs

Fred W. Warren
